

WHEREAS, Usher Syndrome is a relatively rare genetic disorder caused by a mutation in any one of at least 10 genes resulting in a combination of hearing loss and visual impairment and is a leading cause of combined deafness and blindness; and,

WHEREAS, more than 400,000 people are affected by this genetic disorder worldwide, with at least 25,000 of those in the United States; and,

WHEREAS, Usher syndrome, which is presently incurable, impacts three major senses in the body: vision, hearing, and balance; and,

WHEREAS, vision loss in Usher syndrome is caused by a progressive vision disorder known as retinitis pigmentosa (RP), which causes the light-sensing cells in the retina to gradually deteriorate, initially resulting in night blindness, followed by a narrowing of the visual field commonly known as tunnel vision; and,

WHEREAS, children with Usher syndrome are born with or develop hearing loss - it is estimated that upwards of 10 percent of people with congenital bilateral, sensorineural hearing loss have Usher syndrome; and,

WHEREAS, balance is achieved and maintained through input from your eyes, the vestibular organs in the inner ear, and the sensory systems of the body, such as the skin, muscles, and joints - people with Usher syndrome suffer from severe balance issues due to vestibular dysfunction; and,

WHEREAS, there are three clinical types of Usher syndrome, Type 1, Type 2, and Type 3, which are distinguished by the severity and age when signs and symptoms appear; and,

WHEREAS, there are at least eleven different genetic types of Usher syndrome that are determined by the genes that are involved - DNA testing is the only reliable way of determining the true genetic type; and,

WHEREAS, because of limited public awareness, those affected with Usher syndrome may suffer from depression, anxiety, isolation, and loss of independence; and,

WHEREAS, the Usher syndrome community is uniting around the world to spread public awareness and to be recognized annually on the 3rd Saturday of September;

THEREFORE, I, JB Pritzker, Governor of the State of Illinois, do hereby designate September 20, 2025, as **Usher Syndrome Awareness Day** in Illinois.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of the State of Illinois to be affixed.

Done at the Capitol in the City of Springfield,
this EIGHTEENTH *day of* AUGUST *, in*
the Year of Our Lord, two thousand and
TWENTY-FIVE *, and of the State of Illinois,*
two hundred and SIXTH *.*

Alexi Giannouh
SECRETARY OF STATE

JB Pritzker
GOVERNOR
